Bremer Bündnis für Solidarität – Zeit zu handeln!

Rally on 09/12/2026 at 5:00 PM at the
Bahnhofsvorplatz

The Bremen Alliance for Solidarity has come together from a range of groups and initiatives and calls for a militant and solidarity-driven rally.

We are shocked, but not surprised: the far-right AfD won the state election in Saxony-Anhalt with 43.8%. Almost every second voter cast their ballot for a party that attacks our dignity, our freedom, and democratic values every day.

We are looking to Sachsen-Anhalt.

To the people who have spent years keeping youth centers and cultural spaces running, documenting right-wing violence, organizing pride parades, and making sure — through counseling centers, unions, and antifascist networks — that no one is left alone.

To the people affected by racism, to refugees, queer people, disabled people, and people affected by poverty. People who are afraid, exhausted, and frustrated. To them we say: you are not alone. Our solidarity does not stop at the state border.

This election result cannot be attributed to the AfD alone. Whoever portrays citizens as lazy, whoever criminalizes refugees and migrants, has prepared the ground for this election win. This normalization of inhumane positions began long before this election. It has a foothold in Bremen too.

That's why now is the time to act.

- **Time to de-normalize inhumanity instead of debating it.**
- **Time to defend democratic spaces before they are cut to the bone.**
- **Time to stand in solidarity in front of those attacked first: refugees, people with a migration history, unemployed people, queer and disabled people, and antifascists.**

Our attention and support belong to all of them.

From Bremen to Saxony-Anhalt, against fascism!

Get organized, join us in the streets.

We demand:

Refugees must no longer be relocated from Bremen to Saxony-Anhalt.

Social spending cuts must be reversed — in hospital reform, youth work, the "Demokratie leben!" programs, and funding for arts and culture.

Starting an AfD-Verbotsverfahren.

We are not powerless. We have rights, structures, knowledge, spaces, and voices.

And we are using them.

From Saxony-Anhalt to Bremen: join us on 09/12 at 5 PM at the Bahnhofsvorplatz.

Time to act.
